A Day in the Life of a YMCA
Camp Counselor

Chippewa Falls YMCA

The Chippewa Falls YMCA is abuzz with not just members, but also the joyous anticipation of warmer days and lengthening sunlight. We fervently hope that the sun graces us on April 12, 2025, for our cherished annual Healthy Kids Day. This complimentary celebration for the community invites a host of partners to showcase various organizations dedicated to the health and safety of children in Chippewa County. A day brimming with joy and knowledge awaits—come join us!

Our pool remains a vibrant sanctuary for activities and programs, with our very own YCV Barracudas recently competing at both State and Nationals, showcasing an array of exceptionally talented swimmers. Bravo to our competitors and coaches for their tireless efforts and remarkable achievements! You fill us with pride!

As the seasons gracefully transition, we encourage you to keep an eye on the Group Exercise Schedules, as we adjust classes to align with the most sought-after times and locations. This summer, some classes will return to Riverfront Park, allowing the entire community to engage in fitness at no cost!

Our Annual Campaign has commenced! Discover how YOU (yes, you!) can create a ripple of change in the lives of your neighbors by donating as little as \$3 to the YMCA, helping those in need find their path to membership or program participation.

Here's to the joys of April and the sweet scents of spring in the air!

HAPPY RETIREMENT MARK!

Heartfelt congratulations to Mark Erickson for his remarkable contributions to the YMCA of the Chippewa Valley! With a legacy spanning over two decades at the Y, Mark has embraced a myriad of roles, starting as a Lifeguard. Early in his journey, he rose to the occasion by orchestrating a flag football session, showcasing his exceptional coordination skills. Mark, a true embodiment of teamwork, is celebrated for his unwavering support and fervor, particularly in the magical transformation of a racquetball court into a vibrant golf simulator, a venture that significantly elevated membership sales. His warm presence and readiness to lend a hand will be profoundly missed, along with his delightful interactions. Wishing Mark the very best as he embarks on this new chapter, cherishing precious moments with family in his well-deserved retirement.

Announcement of New Equipment

We are excited to announce the addition of a Vibration Plate Machine to our lower cardio room. This state-of-the-art equipment is designed to improve circulation, enhance bone density, and promote overall well-being.

In addition to the new Vibration Plate, we have also upgraded our lower cardio area with the introduction of a SkiErg and a Box to the Beat machine. Furthermore, we have reorganized the space to improve accessibility for individuals with mobility challenges. The room is now more navigable, with no cords obstructing movement. Be sure to check out our new equipment in the video below!

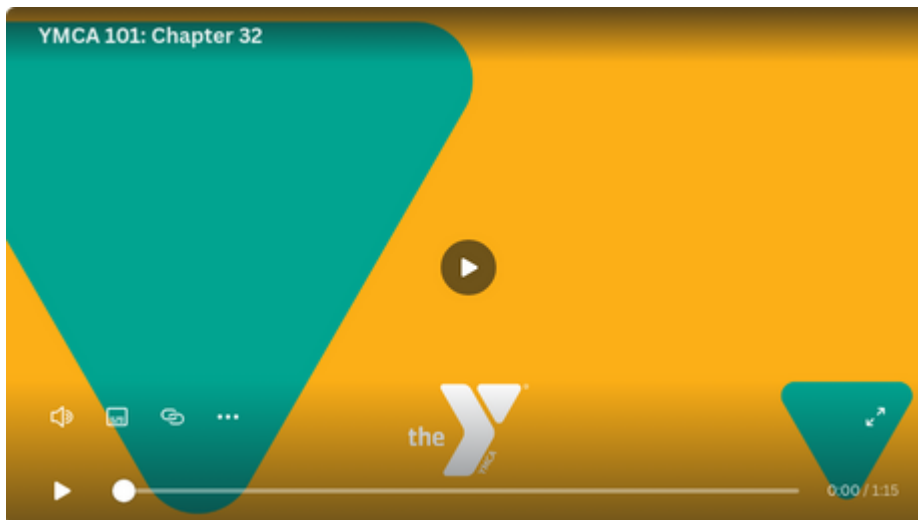

For our Active and Ageless members, we are pleased to offer two upcoming clinics aimed at introducing you to the fundamentals of Pickleball and Racquetball. These sessions provide an excellent opportunity to meet new friends and enjoy your time at the Y. Registration is required for these clinics, but there is no associated fee. It's a perfect chance to bring a friend and explore these activities together.

- Racquetball Clinic: April 9, 8:30-9:30 AM

These clinics are free and open to both members and non-members, but registration is essential.

For outdoor runners/walkers who start at the Y

As the sun shines brighter, many of you might be lacing up for outdoor runs or strolls. When you return to the Y, please strut through Entrance D and give that scan/check-in a little love. Our staff may change from visit to visit, so this helps keep everyone safe and sound. Thanks for being awesome! 🌟

TENNIS TIP OF THE MONTH:

IT'S JUST A GAME:

I have been involved in tennis since I was 6. It has always been special to me. Tennis has taught me a lot about myself, about life, and about what it means to compete. There have been many ups and downs, successes and failures, and a lot of learning. Sounds like life...

We need to approach tennis the right way. Tennis is a game. The game can be addicting, all encompassing, frustrating, and exhilarating. You can always improve in tennis. It can bring you a lot of happiness and teach you how to pick yourself up off the ground and get back out there when you have struggled.

As I get older and start to deal with more injuries and mobility issues, the mental aspect of the game and strategy have become more important. Dealing with adversity and figuring out how to use what I have is now the focus. I am trying to work on the physical issues and believe that I can improve on my current status, but the biggest gains will be in my thinking.

I wish someone had explained a lot of this to me when I was a teenager. I always thought that I had to hit the ball better than the other player, run faster, and hit more winners. I never understood that things will be different every time you step on the court. The battle is using what you have on that day to give yourself a chance to win.

Remind yourself that tennis is a game. The game isn't over until the last point is played. To be honest, the game never ends. There will be another game. Try to use your knowledge, experience, and your mind to win the game. If you do not win, get back out there and try it again. Figure things out, stay positive, focus on the simple things—they are the most important. Serve, return serve, hit a couple of good solid shots, and then try to figure out how to win the point. Keep playing the game

RACQUET/TENNIS BALL INCREASES

I have been told by our industry reps that effect April 15, we will see an increase in tennis ball and racquet costs due to the tariffs (some as much as 25%). If you have been looking for a new racquet, I suggest you do so before the 15. Stop and take a look at what we have in our Pro Shop!

NEW PLAY/REPLAY

Play/Replay is here. The John and Fay Menard YMCA Tennis Center has become the first facility in the Midwest to have ELC (electronic line calling) on all 8 courts. Play/Replay combines accuracy, reliability, and user-friendliness, ensuring fair play and eliminating any doubts or controversies. Meanwhile, the platform utilizes intelligent algorithms to process vast amounts of data, providing players with valuable insights into their performance, strengths, weaknesses, and areas for improvement. By combining these two innovative solutions, we will be transforming the way our members analyze, train, and compete in the game of tennis. We are hopeful that this technology will be installed sometime in early January. Please reach out if you have any questions.

FREE COURT TIME FRIDAYS

This spring the John and Fay Menard YMCA Tennis Center will be offering free court time to all members on Friday, April 28 from 7:00-10:00 PM.

Members are able to bring a guest at no charge. You can call 6 days in advance to schedule your court time. Please call to make a reservation as courts do fill up quickly.

BLUGOLD TENNIS CLINICS

March 30 from 10 AM-4 PM the Blugold Men's and Women's teams will be hosting Adult and Youth Doubles Clinics. 50% of the proceeds will be used to help fund their travel expenses for 2025. Space is limited to the first 20 adults and the first 20 youth (12-18 years old).

TARIFF INCREASES!

We are seeing significant increases to the products we order (cleaning supplies, tennis balls, racquets etc). Effective April 15, we will be increasing Junior Unlimited from \$26 to \$30 a month and Junior court time from \$16 to \$20 per hour. We are also expanding happy hour court time to 8 AM-3 PM Monday-Friday and Saturday and Sunday from 12-4 PM. During this time all court time is \$16.00 per hour.

EGYM AT SOUTH YMCA

We are proud to introduce EGYM at the Y! The Eau Claire South YMCA is excited to bring a comprehensive training option that takes the guesswork out of exercise to the Chippewa Valley. EGYM smart circuit machines automatically adjust to your custom settings for weight, range of motion and cardiovascular exercise, guiding you through a full-body workout in as little as 20 minutes.

HOW DOES EGYM WORK?

Your first EGYM on-boarding session will include:

- Goal setting
- Assessments to determine your BioAge
- Identify muscle imbalances
- Creating a customized training plan

Ask a staff member today how to get started.

This session will take up to 1-hour.

YOUR OWN WORKOUT

Combining your goals with your BioAge assessments, your fitness coach will introduce you to a selection of personalized training plans, based on one of the following paths:

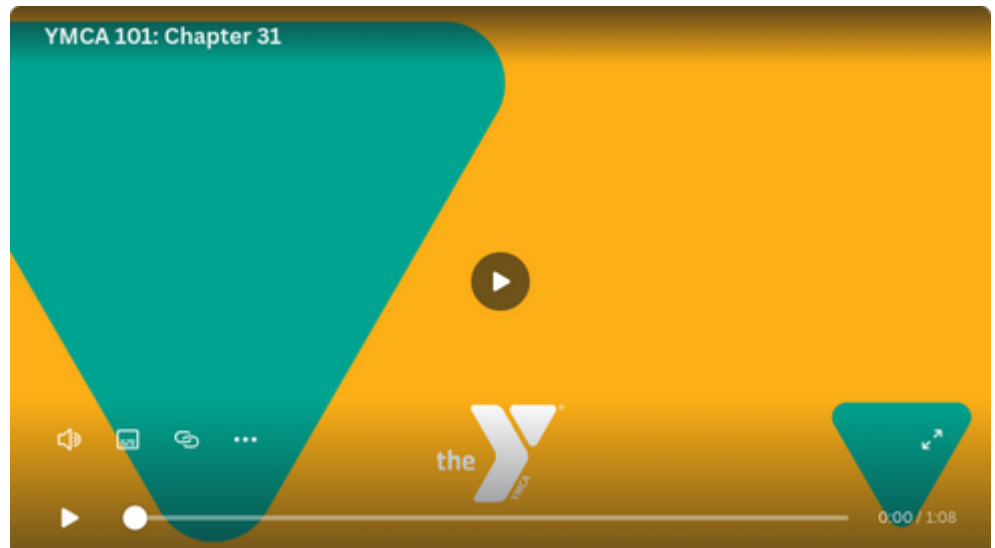

- Immunity Boost
- Weight Loss
- General Fitness
- Muscle Building
- Body Toning
- Athletic
- Rehab Fit
- Metabolic Fit

DO YOU KNOW YOUR BIOAGE?

Your coach will determine your BioAge by conducting a combination of strength, cardio and metabolism assessments. Your EGYM BioAge metric shows how you're doing compared to the typical, average values of those in your age group. The BioAge metrics are a great way to easily track your workout progress

Eau Claire South YMCA

How long have you worked at the Y:
5 months

When is your birthday?
December 27

Where did you grow up?
I grew up in a small but peaceful city in South Korea, similar to Eau Claire.

What are three words that best describe the Y?
Community, Inclusion, Wellness.

Favorite quote?
"Do what you can, with what you have, where you are." – Theodore Roosevelt

Where's your favorite place in the world?
Honestly, Eau Claire is my favorite place. I absolutely love Eau Claire summers—the beauty and peacefulness make it feel like home. Every winter, I tell myself I can't endure another one, but as soon as spring arrives, I forgive the harsh cold and fall in love with this place all over again. I've been in Eau Claire for nine years now, and this cycle happens every year!

If you could be any animal, what would it be?
A bird—I'd love to soar high in the sky and experience the thrill of diving through the air.

Tell us something interesting about yourself.
I used to spend a lot of time hanging upside down—literally! I have a background in aerial yoga and even competed in Aerial Olympics. These days, my feet are mostly on the ground, but I still love helping others move and feel their best. I also have a Master's degree in Social Work and an APSW credential and I'm passionate about helping others through both physical movement and mental wellness!, but my biggest life lessons come from my two kids—one wild boy and one sweet girl—who keep me constantly moving (whether I want to or not!). My husband, who's also from South Korea, sometimes gets gently nudged (okay, maybe dragged) to the YMCA to work out with me. So far, my motivational tactics are working... for now!

What is your proudest moment at the YMCA?
Seeing people come to class, let loose, and just enjoy the moment is the best part of what I do. It's so rewarding to hear members say they feel stronger, healthier, or just happier after a class—it reminds me why I love being here.

What is your favorite YMCA story?
One of the most touching moments for me was receiving a handmade thank-you card from a couple who regularly attend both of my classes. They wrote that I helped them shine brighter, which truly meant the world to me. It reminded me that what we do here goes beyond just exercise—it's about uplifting and supporting each other.

Our Favorite Member Feedback

Here are some comments from happy Members! We hope your experience is always positive at the Y!

- Good people. Nice coaches who care about the athletes.
- We love the fact that it is right at our kiddos school. The teachers are kind and considerate. We also use additional YMCA programs and activities.
- I joined the Tennis Center in 2021 and the only adult program in the evenings were the drills from 5:30-7. Now, there's adult programming available at least four days a week. Having Avery join the team has done wonders to grow the adult offerings. He advocates to have more adult programming for all ranges of players—from beginners to advanced. He really cares about nurturing a player's skills and meeting them where they're at.
- I am so happy we signed our son up for swim team. It has helped him gain confidence. His instructors were so patient with him. We look forward to spring clinics!
- The free buddy pass allows any newcomer to bring a friend and start to feel comfortable starting in the gym or bringing them to play basketball. That's really the best part is that you can get any of your friends involved in fitness at no additional cost once you're a member
